EXPERIENCE

DJO Global *QA Engineer*   November 2019-Current
Tested all code released in a scrum/agile environment. Wrote detailed test notes using testrails, created automated tests using Selenium in Ruby. Provided UI/UX feedback, and trained the customer success team on new features.

UCSD Coding Bootcamp - Trilogy Education *Teaching Assistant & Tutor*   August 2019-Current
Worked closely with instructor to teach the MERN stack to ~20 students in a classroom setting. Covered everything from HTML, CSS, and JS to database technologies such as MySql, MongoDB, and Firebase. jQuery, Bootstrap, Express, Node, PWAs, React also covered. Full curriculum can be found at https://bit.ly/2TiEFmG.

Solutions Farms *Director*   June 2011-June 2018
Applied for and awarded a 1 million dollar grant from the Alliance Healthcare Foundation. Project Managed farm expansion leveraging 10 outside contractors while leading a team of 10 employees. Developed partnership with UCSD engineering department to perform research at our farm. Acquired customers including local school districts, presented at national conferences, gave personal tours to County Supervisors, Senators, and local school field trips.
- Awarded certificate of recognition by VUSD Superintendent Dr. Devin Vodickat for excellence.

EDUCATION

Full-Stack Web Development Certificate from University of California, San Diego – May, 2019
Associates of Arts Degree in Liberal Arts from Mira Costa College in Oceanside, California – 2014
